**Colossians 3:1-17**

**1.** To be in and with Christ is to be identified with Him in death and resurrection. What does this mean to you? What is the most significant aspect to this that you have seen in your life up to this point?

**2.** What does it mean to you to "put off" the old and "put on" the new? How would you describe that to a person who was seeking Jesus? What does your story sound like?

**3.** The apostle Paul is suggesting radical surgery on our heart? What would have to be "cut out of your heart" that is preventing you from being in God's will. In other words, what things in your life make it appear that you're running from God?

**4.** Read 1 Peter 1:3-12
